CITY OF WARWICK, R. I.

WARWICK has changed from an old town to a young, progressive city, 40 square miles in area, fringing along the shores of Narragansett Bay on the East and South, and along the banks of the Pawtuxet River on the North and West. It is located on the N. Y., N. H. & H. Railroad, 10 miles south of Providence, 55 miles from Boston, 50 miles from New London and 165 from New York. It is within easy trucking distance of all Providence terminal and harbor facilities.

Its population of over 27,000 jumps to 45,000 during the Summer when Warwick becomes the vacation land of Rhode Island with its summer resorts, amusement parks, its bathing beaches with its Rocky Point where shore dinners may be served to 4000 guests at one sitting.

In the western section of the city world famous industries have flourished. Beside textile finishing plants and bleacheries, Warwick has establishments producing fine worsted suitings, silk cloth, rayon, stapling machines, wire stitchers, paper fasteners, brass casting, brass mouldings, pipe fittings, cement blocks and well curbs, lally-columns, feather boards, boats, pencils, soaps, starch and mushrooms.

The shell fish industry is important. Market gardens, the dairy and poultry business prosper.

Warwick is primarily a residential city of over 10,000 single homes.

The State Airport is situated at the geographical center of the city. There are 1398 highways within the city limits. The principal ones have four lanes. The transportation facilities are very good. The typical destinations of freight shipping are: 1st morning: New York, Philadelphia, Baltimore, Boston; 2d morning: Pittsburg, Portland, Albany, Buffalo; 3d morning: Chicago, Cleveland, Detroit, Atlanta.

The total assessed valuation exceeds \$43,000,000.00. The tax rate was \$24.00 in 1930; today it is \$22.00 per M. The total U. S. income returns have about doubled since 1930. 90% of the families live in single dwellings. The percentage of home owners to total families is in excess of 66.4 compared to 40.8 for the State.

Warwick is the fastest growing community in New England. Commercial engineers have estimated that the population of Warwick in 1960 will exceed 47,000 people or 13,000 families.

The wisdom of an investment in Warwick is founded on two facts: the home will be in healthful and peaceful surroundings, the business enterprise will develop with a rapid growing community.

Names appearing in HEAVY BLACK LETTERS in this Directory are those people who ACCOMPLISH THINGS.

They represent the ENERGY and PUSH so essential to commercial prosperity.

YOU LIKE to Patronize those Concerns Who are in Business to Stay.

It's human to expect that such business establishments always stand back of the wares they sell.

The advertising in this Directory is suggestive of the stability and permanency of the advertisers.

Frauds, fakes, get-rich-quick and other schemers have little use for directory advertising. It lives too long.

The modern city directory is a business institution. It occupies a place peculiarly its own. It is as necessary to the progress and development of a city generally as anything naturally would be which deals with such a fundamental as the citizens themselves.

**IF YOU ARE NOT ADVERTISING YOUR
BUSINESS IN THE DIRECTORY, MAY WE
EXPLAIN HOW AND WHY IT WILL PAY
YOU?**

YOU LIKE to Patronize those
Concerns Who are in Business
to Stay.

It's human to expect that such business establishments always stand back of the wares they sell.

The advertising in this Directory is suggestive of the stability and permanency of the advertisers.

Frauds, fakes, get-rich-quick and other schemers have little use for directory advertising. It lives too long.

The modern city directory is a business institution. It occupies a place peculiarly its own. It is as necessary to the progress and development of a city generally as anything naturally would be which deals with such a fundamental as the citizens themselves.

IF YOU ARE NOT ADVERTISING YOUR
BUSINESS IN THE DIRECTORY, MAY WE
EXPLAIN HOW AND WHY IT WILL PAY
YOU?
